25X1

25X1 This 3-page document is a typewritten [REDACTED] [REDACTED] unloading report of the SS Torafire. The ship arrived in Rostock on 27 January 1952 at 0800; unloading started on 28 January at 0945 and was completed on 1 February 1952 at 0930.

The unloading report covers a total of 41 bills of lading. The ship brought in products such as the following: powdered cacao, brass ~~xxx~~ scrap, lead, lead scrap, cartridge cases, crude rubber, steel wire, tin, etc.

The ship carried 91,800 kilograms of powdered cacao, about 800,000 kilograms of metal and metal scrap, and about 100,000 kilograms of crude rubber. Some of the drums and sacks containing scrap metal were so severely damaged that their contents were strewn all over the ship's interior; that part of the load could not be checked.
